五、Introduction:

Introduction

"Smart and Travel to Fun Miaoli - Like to visit Miaoli" is a fun tourism website designed to promote tourism in Miaoli using innovative methods. The main idea is to create a low-cost online tool that replaces traditional paper advertising. The platform is made for tourists, allowing them to interact with different townships in Miaoli through services and games. Store owners can use the platform to promote their brands and boost local tourism, aiming for shared success among the 18 townships. Managers help encourage interaction between store owners and tourists while providing and maintaining various software services.
